Black History

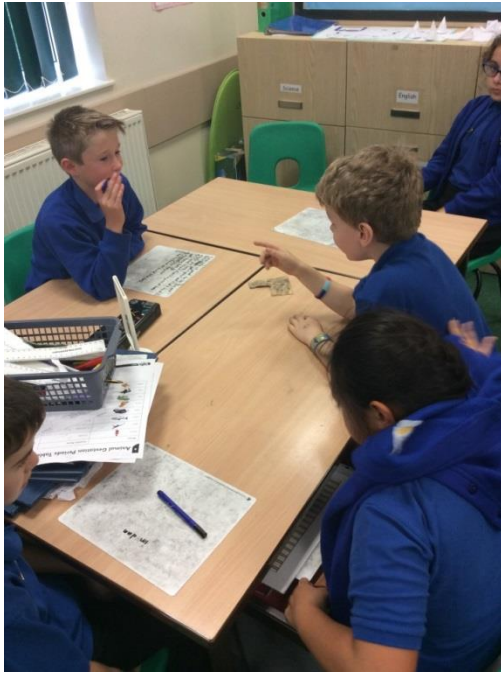

What is slavery? What is the slave trade triangle? What was traded and why? How was the slave trade triangle justified at the time? What human rights does slavery ignore? When and how did the slave trade triangle end?

Finding out why the slave trade was justified at the time.

We debated the slave trade: one side justified it and one side argued against the inhumanity of it.

The debate continues!

We found out about how William Wilberforce fought to abolish slavery in the UK. We made a presentation of our findings.

“I really enjoyed the debating.”- Joseph

“It was hard to learn about how the slaves were treated but I know why it is important that we do know.”- Eoin.

“I enjoyed researching about William Wilberforce.”- Florence.

“I enjoyed working with people I don’t normally work with”- Patrick.
